FOR TEAMS

Connect Jira and Stack Overflow for Teams

To connect Jira to your Team on Stack Overflow, head over to Stack Overflow and select the Team you want to connect with.

This allows Stack Overflow for Teams to:

Read your Jira issues to display them on Stack Overflow for Teams

This allows Jira to:

Search within your questions on Stack Overflow for Teams

[Connect with Stack Overflow](#)

That will take you to Stack Overflow, where you'll be prompted to log in if you aren't already logged in. After that, you'll see a page listing all of your Teams. You can connect Jira to any Team you're an Admin on, by clicking **Connect** next to the corresponding Team. If you're not an admin, you can request your admin to install the integration by clicking **Request Installation**.

Jira + Stack Overflow for Teams

Select the Stack Overflow Team you want to connect with Jira.
